

Itinerant Card

Instructions for undertaking itinerant trade

An itinerant carries out its business outside the premises of its commercial establishment; e.g. tradesmen who do not sell their goods at particular locations. Therefore permission in form of an itinerant card is required. The itinerant card is issued only for the activities that have been applied for. The activities are specifically named on the issued card. Itinerants are not allowed to trade with any other goods or undertake other business activities than the ones stated on the itinerant card. Please take note of the following:

- **Opening hours:** Itinerants are allowed to offer goods only at legally specified opening hours.
- **Area of business activity:** The itinerant card does not give the right to carry out manual work in general businesses (e.g., for carrying out orders after these have been booked by the customers through newspaper advertisement or other such). For this purpose, an entry in the directory of the Chamber of Trades and Crafts and a registration of business activity at the Business Registry of the Order and Security Office are required.
- **Expenses:** A processing fee of 210 euros is charged for the itinerant card. Should the application be withdrawn before the processing is complete, the fee will be reduced by 25 percent. In case the processing has been completed by the time of withdrawal, the full amount is due and no reimbursement is possible.
- **Exceptions:** No itinerant card is necessary when you are trading on a market operated by the city of Dresden.
- **Required documents:** police clearance certificates, extract from the Central Business Register, tax clearance certificates from the Tax and Revenue Office.
