

# Counselling Services for Seniors and their Family Members

(Version: 29 July 2019)

We offer you counselling and arrange assistance in many different aspects of life, e.g.

- Questions concerning age
- Questions about housing, including admission into an age-based residential or nursing facility
- Assistance when using age-based services, e.g. home help and lunch
- For further information please consult: The *Herbstzeit* seniors' guide and [www.dresden.de/Senioren](http://www.dresden.de/Senioren)

We work with you to find suitable support and services as part of a free, confidential consultation (home visits also available).

We look forward to hearing from you!
